

CITY OF BURNABY

PLANNING AND BUILDING REZONING REFERENCE #20-27 2020 December 02

ITEM #03

1.0 GENERAL INFORMATION

- 1.1 Applicant:** Workers' Capital (LMAO) Holding Corp.
4911 Canada Way
Burnaby, BC V5G 3W3
Attn: Paul Finch
- 1.2 Subject:** Application for the rezoning of:
See *attached* Schedule A
- From:** M4 Special Industrial District
- To:** CD Comprehensive Development District (based on RM3 Multiple Family District, RM5r Multiple Family District, C2 Neighbourhood Commercial District, and Royal Oak Community Plan as guidelines)
- 1.3 Address:** 6877, 6891, 6913, 6939, and 6945 Palm Avenue (see *attached* Sketches #1 and #2)
- 1.4 Size:** The site is irregular in shape with a site area of approximately 5,430.4 m² (58,452 ft²).
- 1.5 Services:** The Director Engineering will be requested to provide all relevant servicing information.
- 1.6 Rezoning Purpose:** The purpose of the proposed rezoning bylaw amendment is to permit the development of a new mid-rise mixed-use development with non-market housing, offices, café/commissary, and child care facility.

2.0 POLICY FRAMEWORK

The *Mayor's Task Force on Community Housing Final Report*, unanimously adopted by Council on 2019 July 29, contains a number of "Quick Starts", including that the City:

- scale up/increases additional density for projects with below market rental units;
- partner with BC Housing, non-profits, and private developers for more non-market housing; and,
- simplify zoning and other requirements to increase the number of homes in more neighbourhoods.

In addition, the Report made a number of recommendations, including that the City:

- create sustainable and accessible communities, with a range of amenities and services, in and around arterials and transit corridors;

- create a program to facilitate redevelopment of under-utilized land for affordable housing; and,
- increase the supply of affordable rental housing.

The subject proposal for mixed-use affordable housing is further supported by the following goals and sub-goals of the Corporate Strategic Plan:

A Connected Community

- Partnership – Work collaboratively with businesses, educational institutions, associations, other communities, and governments.

A Healthy Community

- Community involvement - Encourage residents and businesses to give back to and invest in the community.

A Dynamic Community

- Economic Opportunity – Foster an environment that attracts new and supports existing jobs, businesses, and industries.

3.0 BACKGROUND AND NEIGHBOURHOOD CHARACTERISTICS

- 3.1 The subject site, principally and beneficially owned by the British Columbia Government and Service Employees' Union (BCGEU), is located north of the Expo SkyTrain line on the west side of Palm Avenue (see *attached* Sketch #1). The subject site is comprised of five separate properties, each of which is improved with an older light-industrial building. Vehicular access to the site is provided from Palm Avenue and the rear lane.
- 3.2 To the west across the lane is a newer four-storey mixed-use residential development, a car washing establishment, a four-storey mixed-use residential development under construction, and the Royal Oak SkyTrain Station. Directly to the north and to the east across Palm Avenue are light-industrial buildings, most of which are older. To the south and southwest is the Royal Oak SkyTrain Station, and Expo SkyTrain line, with Beresford Street and single, two-family and multiple-family dwellings beyond.
- 3.3 The subject site is located within the Royal Oak Community Plan area (see *attached* Sketch #2) and is designated for multiple family development based on the RM3 and RM3r Multiple Family Districts.
- 3.4 The applicant has advanced the subject rezoning based on the RM3 Multiple Family Residential District, RM5r Multiple Family Residential District, and C2 Community Commercial District, referring to the quick starts and recommendations of the *Mayor's Task Force on Community Housing Final Report* as a policy basis for the application. Staff support the proposal as an implementation measure of the Mayors Task Force, given the specific location near SkyTrain, and as a result of the achievement of a significant number of non-market rental units and other public benefits on site.

4.0 GENERAL INFORMATION

- 4.1 The applicant is requesting rezoning to the CD Comprehensive Development District (based on RM3 Multiple Family Residential, RM5r Multiple Family Residential, and C2 Community Commercial Districts) in order to permit the development of a new mixed-use rental housing development. The proposed development is comprised of two energy-efficient mid-rise rental residential towers atop a podium accommodating office uses for the BCGEU, as well as a café/commissary, and an affordable childcare facility. The rental housing is intended to be a mix of non-market and market rental housing, operated by a non-profit housing operator, at rental rates at or below those adopted by Council in the Burnaby Rental Use Zoning Policy.
- 4.2 Under the Royal Oak Community Plan, the subject site is designated for Multiple Family Development. Based on the RM3 and RM3r Districts, the maximum FAR permitted would be 2.75, with a maximum height of six storeys. Although a suitable plan of development has yet to be determined, the subject site with the proposed zoning districts could achieve a maximum development density of 5.15 FAR, with resultant building heights in a mid-rise tower form. While the addition of the RM5r District to the proposal is subject to Council approval and would not require a broad amendment to the Royal Oak Community Plan, a site specific amendment to the Plan would be required in order to add C2 Commercial District uses to the site, as well as accommodate the form contemplated in this rezoning application.
- 4.3 The Director Engineering will be requested to provide an estimate for any additional services necessary to serve this site.
- 4.4 The granting of any necessary statutory rights-of-way, easements, and covenants for the site will be required.
- 4.5 The proposed prerequisite conditions to the rezoning will be included in a future report.

5.0 RECOMMENDATION

THAT the Planning and Building Department be authorized to continue to work with the applicant towards the preparation of a suitable plan of development for presentation to a Public Hearing on the understanding that a more detailed report will be submitted at a later date.
