Hello Blanka,

Follow up to your email yesterday rejecting our appearance on April 25, 2022

1. Our appearance on February 28 was based on a preliminary map of the Bainbridge Urban Village. At that time we were voicing the majority position from the homeowners in the area in opposition to the proposal.
2. Shortly after our presentation the draft Phase 3 map was released by the city. Positive changes had been made, of which we were in agreement. However 71% of the homeowners and residents in this affected area still have serious concerns and would like the mayor and council to hear our majority opposition to the NEW Phase 3 Map.
3. Yes this would be our second presentation within one year. Should we not be allowed to voice these concerns due to the fact that the city has changed the map and different concerns have arisen.

We respectfully ask that we be allowed to present on April 25.
