Hello,

My name is Sec. 22(1) and I am a homeowner and Sec. 22(1)Sec. 22(1)Sec. 22(1) that is under consideration for rezoning to permit the construction of a six-storey mixed use development. I vehemently oppose this development. I have lived in my home for almost 20 years and strongly feel that this large scale development will harm my community by increasing the traffic and congestion and therefore making my neighborhood unsafe. Wedgewood St. is a cul-du-sac and has no sidewalks and no street parking...this alone makes the street unsafe to walk. Increasing the population will only attract more people to potentially drive on a street that has no exit adding to an already unsafe street. Also, having no parking on Wedgewood will force people to park on 6th St, where there is very, very limited parking already.

Having such a large development does not fit the neighborhood in any way. We already have to deal with traffic that cuts across from Canada Way and before the crossing light was installed, I personally witnessed numerous accidents and deaths at Edmonds corner, I do not want to have to worry about walking around this area again.

This potential of this development is not welcomed and I hope the CItY of Burnaby will not approve the rezoning request.

Thank you,

Sec. 22(1)
