City Clerk  
City of Burnaby  
4949 Canada Way  
Burnaby, BC V5G 1M2

Dear City Clerk:

**Air Quality Monitoring Report for 2020**

Metro Vancouver has now published the **2020 Lower Fraser Valley Air Quality Monitoring Report**.

This report is available electronically at: <https://metrovancover.org/about-us/Library/2020-Lower-Fraser-Valley-Air-Quality-Monitoring-Report.pdf>, or by visiting Metro Vancouver's website at <https://metrovancover.org/>, using search term "2020 Lower Fraser Valley Air Quality Monitoring Report".

This report summarizes data collected from all air quality monitoring stations; compares measurements to federal, provincial and Metro Vancouver air quality objectives and standards; describes special monitoring activities undertaken during the year; and provides long-term trends. Reports of data collected from the Lower Fraser Valley Air Quality Monitoring Network have been published annually since 1972.

Metro Vancouver will no longer be providing a printed copy of this publication, unless specifically requested. If you would like printed copies for distribution, or have comments or questions about the 2020 Lower Fraser Valley Air Quality Monitoring Report or air quality, please contact [AQInfo@metrovancover.org](mailto:AQInfo@metrovancover.org).

Sincerely,

Geoff Doerksen  
Air Quality Planner, Air Quality and Climate Action Services  
GD
