Dear Mayor and Council,

Can we improve the two listed connections along the Sea to River bikeway - for both walking and cycling as follows:

- 1) Convert the east Central Park sidewalk (adjacent to Patterson ave) to an urban trail which would then connect the South section of the Sea to River bikeway with the Central Park area - picture attached.
- 2) Build a connecting urban trail at the North end of the Sea to River Parkway (near Riverway West School) so as to join it to the urban trail at Glenlyon Pkwy - 2 pictures attached.

These improvements will help not only cyclists, but those of us who have to push our bikes on some sections !

Best regards,

Mike Peel
