Details about your appearance

Anaconda is requesting approval from Council to develop a state-of-the-art, aerobic composting facility at 5210 / 5280 Byrne Road. Through Minor Works Permit #MWPA23-00026, we have confirmed via surveying, environmental and geotechnical analysis that a facility can be structurally supported on this area. This project will be funded by Anaconda through private investment.

The outcome we are seeking is an expedient and streamlined permitting process.
