Hi, I've been living in 5050 Halifax St for 8 years. This is a very quiet & nice street for families and having a massive construction is going to ruin everybody's life in this area. The noise & construction going to bother us mentally & financially is hard for us to move elsewhere too. We've been in this area for so long that moving due to this construction with the current rent increases is impossible & staying with the construction noises is going to really bother us & affect our life quality.

I would like to express my concerns & not happy with this decision.
