What is the intended title of your delegation?

Choose Zero Waste over incineration

Details about your appearance

We would like to share the results of our recent analysis of Metro Vancouver's solid waste system and the role of incineration. Our analysis show that Zero Waste is preferable to continued wasting from climate, environmental and financial perspectives. As the City of Burnaby is host to the waste incinerator and is embarking on processes that may lock the region into aging and polluting technology, we think it is important that council is aware of our research findings. If possible, I would like to attend the July 8th meeting.
