**REPORT**

The Access Advisory Committee, at its meeting held on February 5, 2025, received information on the documentary entitled “disABLEd” which follows the experiences and journeys of two individuals with disabilities.

Arising from discussion, the Committee proposed organizing a screening of the film to raise awareness about accessibility, the Access Advisory Committee, and the newly launched Accessibility Feedback Form, potentially aligning the event with Access Awareness Day in BC.

Funding for the event is available in the 2025 operating budget for Boards, Committees and Commissions.
