Re: Submission of CycleSpace Final Report

Dear Members of the Transportation Committee,

On behalf of Advancing Cycling for Everyone (ACE), I am pleased to submit the final report for the **CycleSpace project**, a community-led initiative funded through the Neighbourhood Fund for Climate Action. The project assessed the state of secure cycle parking in Burnaby Heights through audits, community engagement, and survey research.

The attached report outlines key findings and recommendations for improving cycling access and infrastructure in commercial districts, with Burnaby Heights serving as a case study. We hope this report contributes to ongoing discussions on how to better support people cycling across Burnaby.

We would welcome the opportunity to speak further with the Committee should members wish to discuss the findings or implications in more detail.

Warm regards,

Cathy Griffin

Project Co- Lead, CycleSpace

Advancing Cycling for Everyone (ACE)
