Jilli Halliwell
2025/04/16/27

Dear Mayor and Council:

We have enclosed a Petition signed by 240 of our 282 Strata Lot owners, in which we have requested that the City of Burnaby rezone our property to facilitate higher density development. Strata Plan NW962 (also known as 'Mountainwood') may be Burnaby's last wilderness. It has mountain biking and hiking at its doorstep, fish spawning in its creek and healthy community gardens next door.

But Mountainwood also has other advantages associated with its location. With a power station next door and ample space for commercial as well as residential development, future owners may be able to enjoy a totally self-sufficient community. Stoney Creek Elementary School is at its doorstep and Burnaby Mountain High School is a 5 minute walk away. Tennis courts and parks are next door and both Cameron Rec Centre and Lougheed Town Centre are in walking distance. Perhaps future development will also include things like electric bike sharing for residents to travel to Skytrain for their commute to downtown Vancouver.

There are distinct advantages for Burnaby in having higher density in strata corporations which are self-governing. Issues like excessive noise, failing to pick up after pets, parking violations, etc. are effectively dealt with by Strata Councils. They do not involve utilizing Burnaby's bylaw officers and in this way strata corporations are a cost efficient and effective way for Burnaby to deal with population increases.

However, Mountainwood needs a significant increase in density and possibly some other amenities in order to be competitive. Based on the new density permitted throughout the

province in single family communities (approximately 6 units per 3000 sq ft), the Mountainwood property could accommodate approximately 1400 residential units on that basis alone.

We believe that in order to be attractive to developers, Mountainwood needs significantly higher density than it has now, and possibly some extra perks or amenities. By encouraging the redevelopment of Mountainwood, Strata Lot owners at Mountainwood will be able to move on with their lives in other Burnaby locations, while its self-governing structure will thereby relieving Burnaby of what would otherwise be its obligations.

If anything further is required from us, please contact the writer.

Yours truly,

Strata Council for Corporation NW962

Per:

A handwritten signature in dark ink, appearing to read "Diane Pearce", written over a horizontal line.

Diane Pearce

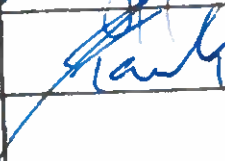

Strata Council

Attention: Burnaby Mayor and Council - We, the undersigned, being The Owners of Strata Corporation NW962 hereby request that the City of Burnaby increase the density of the land owned by Strata Corporation NW962 to permit buildings which are six (6) to eight (8) storeys in height.
