**Subject:** Follow-up on Proposed MOU and Mayor's Visit Schedule

Dear Ms. Rajvir Rao,

Thank you for your prompt reply. I realized that I did not introduce myself properly yesterday.

My name is Hyun-min Kim, and I work in the Investment Promotion Division of Hwaseong City Hall.

I understand that Burnaby City initially proposed the idea of signing an MOU with Hwaseong City — we are very grateful for your interest.

It happens to coincide with our Mayor's upcoming visit to Burnaby.

The Mayor will be in Burnaby from Sunday, August 24 to Monday, August 25, and is scheduled to travel to Seattle on the 26th.

Our Mayor may also be available on the morning of the 26th before departing for Seattle.

I also received Mr. Soon-jae Lee from KOTRA's email in which he mentioned that he would check whether the proposed MOU is related to economic cooperation or a renewal of the sister city agreement.

It seems that this MOU will not be a renewal of the sister city agreement, but rather an MOU focused on economic cooperation

Since Burnaby City proposed the MOU first, we would be very interested to hear what kind of content or focus you are considering for this agreement.

Additionally, we would like to know if it might be possible for our Mayor to meet with the Mayor of Burnaby during his stay (from August 25 through the morning of August 26).

We would be happy to coordinate the schedule based on your availability.

Thank you again, and I look forward to your response.

Best regards,  
Hyun-min Kim

Hi Robin,

It was nice meeting you. This is great news. I will get back to you.

How long will the Mayor from Hwaseong be in town for?

This is the Investment Promotion Division of Hwaseong City Hall.

It was a pleasure meeting you during the previous MOU signing ceremony.

I am reaching out to maintain and further strengthen our communication.

Our Mayor is scheduled to visit Vancouver, and we would like to inquire whether it would be possible to arrange a meeting with the Mayor of Burnaby

and sign an MOU in the field of economic cooperation during

the visit, specifically on August 25.
