To Mayor and Councils of Burnaby and other relevant government officials of BC:

This is double sided

Petition Opposing the 3020 Gilmore Shelter

We, the undersigned residents and community members, oppose the proposed drug-permitted shelter at **3020 Gilmore**. This location is unsuitable and will bring serious safety, crime, and public-disorder risks to the neighbourhood. A shelter that accepts active drug users will place our children, seniors and neighborhood at great risk, and will turn this area into a second Hastings, and Metrotown will face the same decline seen around Vancouver's Chinatown. The project lacks transparency, proper consultation, and a clear safety plan.

We respectfully request that the City of Burnaby, BC Housing, and the Province of BC halt this project, conduct full community consultation, and consider alternative locations and treatment-focused models that do not endanger nearby residents, businesses, and public spaces.

P313

To Mayor and Councils of Burnaby and other relevant government officials of BC:

Petition Opposing the 3020 Gilmore Shelter

We, the undersigned residents and community members, oppose the proposed drug-permitted shelter at **3020 Gilmore**. This location is unsuitable and will bring serious safety, crime, and public-disorder risks to the neighbourhood. A shelter that accepts active drug users will place our children, seniors and neighborhood at great risk, and will turn this area into a second Hastings, and Metrotown will face the same decline seen around Vancouver's Chinatown. The project lacks transparency, proper consultation, and a clear safety plan.

We respectfully request that the City of Burnaby, BC Housing, and the Province of BC halt this project, conduct full community consultation, and consider alternative locations and treatment-focused models that do not endanger nearby residents, businesses, and public spaces.

Hi! Sorry we missed you! Questions? Redacted as per FIPPA S.22

URGENT: SAY NO TO 3020 DRUG-USE SHELT Redacted as per FIPPA S.22

Protect Our Homes and Families: Say NO to Drug-Use Shelter in Residential Areas!

? WHAT HAPPENED

The City of Burnaby and BC Housing are advancing a **Drug-Use Shelter** at 📍 **3020 Gilmore Diversion.** It will make Gilmore to be a next DTES, and place our children, seniors, and neighborhood at great risk.

The location is reckless. Right in the heart of a high-density residential area, the site is within 1,000 meters of:

- **Senior Housing** (vulnerable seniors)
- **Daycare Centers**
- **Thousands of Family Homes**

⚠ WHY WE OPPOSE THIS PROJECT

1. Lack of Transparency & Integrity

Backroom Dealing: Most directly affected neighbors never received a formal written notice.

Silencing the Community: There has been no genuine public hearing. Local safety concerns are being completely ignored by those in power.

2. The Harsh Reality of Failed Projects

📍 **Coquitlam (3030 Gordon Ave):**
Police and Fire services respond **over 700 times a year.**
A Councilor has labeled it a "**government-funded drug den.**"

📍 **Burnaby (2294 Douglas Rd):**
Parks are now littered with needles and drug paraphernalia.
Crime has surged, with frequent thefts and underground parking break-ins.
Many residents have already sold their homes due to the lack of safety.

⊘ HARM REDUCTION = COMMUNITY HARM?

Drug-Use Shelters consistently lead to:
Drug Trafficking: These sites become magnets for dealers.
Deterioration of order: Drug use spilling, rising crime rates.
This isn't compassion; it's harming community.

VOICES FROM THE NEIGHBORHOOD

"I called 911 eight times last year. I no longer feel safe walking outside my own home after dark."

"Finding needles on the lawn is now a daily occurrence. I'm terrified my dog will ingest something lethal during a walk."

OUR DEMANDS

We support helping the vulnerable, but we firmly oppose projects that endanger our community:

- ✕ **Immediately halt** the drug-permissive shelter project.
- ✕ **Terminate the current agreement** with BC Housing for this site.
- ☑ **Real Consultation**: Initiate a transparent, community-first dialogue.
- ☑ **Focus on Recovery**: Shift resources toward detox and rehabilitation, not the status quo.

PROVEN POLICY FAILURE

Metro Vancouver PiT Homeless Count:
2017: 3,605 | 2025: **5,232+**
Has increased by nearly 2,000 people in just 8 years, and by nearly 250 people every year!

FOR OUR CHILDREN. FOR OUR SENIORS. FOR OUR HOMES.
JOIN US AND MAKE YOUR VOICE HEARD.

To Mayor and Councils of Burnaby and other relevant government officials of BC:

Petition Opposing the 3020 Gilmore Shelter

We, the undersigned residents and community members, oppose the proposed drug-permitted shelter at **3020 Gilmore**. This location is unsuitable and will bring serious safety, crime, and public-disorder risks to the neighbourhood. A shelter that accepts active drug users will place our children, seniors and neighborhood at great risk, and will turn this area into a second Hastings, and Metrotown will face the same decline seen around Vancouver's Chinatown. The project lacks transparency, proper consultation, and a clear safety plan.

We respectfully request that the City of Burnaby, BC Housing, and the Province of BC halt this project, conduct full community consultation, and consider alternative locations and treatment-focused models that do not endanger nearby residents, businesses, and public spaces.
